

Parking

If you decide to stay for your lesson, out of respect for our neighbors, please park *facing* the house to either side of our driveway on our side of the property line (see the diagram below). Please make sure *not* to block the neighbors' driveways.

If these spots are not available, please park at the end of our driveway (however, this makes it difficult for my family to come and go, so please park there only as a last resort).

Thank you,

Elizabeth
